

FEATURE: PROJECTS

The Place for Policy Professionals.

Collaboration is essential to making sure your team works efficiently and with the most up-to-date materials. With POLITICO Pro's Projects, you can easily organize all your content in one place and keep your team aligned as you work to achieve your policy goals.

ORGANIZE CONTENT TO ALIGN WITH THE WAY YOU WORK.

MAINTAIN CONTINUITY

Track and save content including rules, comments, documents, saved searches, and directory contacts in a Project. Share your Project notes with colleagues so your team is in-sync.

INSTANT ALERTS

Get alerts when your Projects have been updated based on a bill you are tracking, the number or types of contacts you saved, and any news updates.

GROUP KEY INFORMATION

Create folders within your projects to organize your content in the way that makes sense for your team.

PROJECT OVERVIEW

View all your important Project information at a glance including recently added Pro Analysis content, a notes feed, changes to tracked items, and suggested content.

LEGISLATION & REGULATION FEEDS

Create and customize feeds based on the topics, organizations, and people you set as Project criteria. These feeds can be turned on and off and customized by specific states.

ONE DESTINATION TO COLLABORATE WITH YOUR TEAM.

BETTER TEAMWORK

Working in silos creates inefficiencies for your team. With Projects, Pro users can collaborate on initiatives, resulting in greater transparency and a streamlined workflow.

GREATER FLEXIBILITY

Organize your work in a way that works for you. Group information according to what is most important to you, by issue area, campaign, or client.

STREAMLINED TRACKING & SAVING

Consolidate key information from across the Pro platform into one destination.
