

Q4 2021 PRO ENHANCEMENTS

What's to Come.

POLITICO Pro is committed to feature updates that make your lives easier and ensure the best experience. These product and feature enhancements are based on the feedback you provide and processes that we think would improve the solution for you. Here are Pro enhancements that will be released over the coming months.

PROJECT LIBRARY

The Project Library is a new feature within the current Projects tool that gives Premium subscribers a head-start in creating Projects on key issues moving across the policy landscape. Our expert editors select content for you, including the major players, legislation, regulations, news, and Premium content that help you stay on top of critical issues.

TRANSCRIPTS

Transcripts has been expanded to include 30 proofread committees covering all key committees in Congress, so you can be sure you always have the most accurate information. You'll also receive crucial alerts by committee when there is relevant text so you don't have to sift through clutter.

NEW LEGISLATIVE COMPASS DASHBOARD

The new Legislative Compass Dashboard will provide you with a primary destination to view legislation you're tracking plus suggested ones based on other content you're following. The new Priority and Stance tabs will enable you to get even more granular with the bills you're tracking and helps organize your work better.

APPROPRIATIONS TRACKER

A new centralized appropriations tab will be added under the Legislative Compass feature. It includes new visualizations that track appropriations, monitor Congressional Research Service (CRS) Notes, and helps you find appropriations bills across the last 20+ years.

WALKME

WalkMe is a new site navigation and guidance tool to help new Pros better understand key site features with easy-to-follow prompts and tool descriptions.
