

PRO PACKAGES

One Pro platform.

Three ways to navigate the business of government.

Get policy intelligence where you need it. Choose from Pro packages at the Federal or State level -- or get both with our Pro U.S. package.

Pro U.S. Package

Connect policy from capitols to Congress.

News, tools, and in-depth analysis for a complete view across federal and state policymaking — the full Pro package.

Pro Federal Package

Lead the conversation in Washington.

News, powerful tools, and in-depth analysis focused on federal policy and politics.

Pro States Package

Drive impact in every statehouse.

News, powerful tools, and in-depth analysis across all 50 states, with expert reporting from key capitols.

	Pro Federal Package	Pro States Package	Pro U.S. Package
News	Stories and newsletters focused on federal activity	Stories and newsletters focused on state activity	All stories and newsletters across federal and state activity
Analysis	Pro Issue, Bill, and Data Analysis on federal issues	Pro Issue, Bill, and Data Analysis on state issues	All Pro Issue, Bill, and Data Analysis across federal and state issues
Tools*	Federal policy data and tracking; Campaign Race Dashboard	State policy data and tracking (all 50 states; local in CA)	Full access to both federal and state data and tracking
Search & Alerts	Search and custom alerts across federal content	Search and custom alerts across state content	Search and custom alerts across all federal and state content

*Shared across all packages: Legislative, regulatory, and dialogue tracking, directories, calendars, Policy Intelligence Assistant, Projects, and Stakeholder Management tools. Functionality is the same; content scope depends on your package.

All Pro plans include:

All Pro packages include platform access for your team with flexible seat add-ons, dedicated onboarding and ongoing support, and full use of policy tools. Your package determines your coverage scope (Federal, State, or both with our U.S. Package).

Policy news for professionals.

In-depth reporting backed by a global newsroom of 500+ policy reporters —plus exclusive newsletters, reporter briefings, and insider analysis built for decision-makers, with content tailored to your package.

Policymaker directories & outreach.

Daily-updated profiles for lawmakers, staff, committees, and agency officials—integrated with robust tools to manage, track, and measure engagement effectively.

Monitoring, alerts & digests.

Real-time legislative and regulatory trackers, custom alerts and daily digests, AI-generated summaries, and visualizations that turn activity into actionable intelligence.

Workflow & collaboration.

Pro Projects, Stakeholder Management, and custom reporting to streamline work and keep teams aligned.

Expert analysis & data.

Bill and issue analysis, data-driven graphics, and advanced features that help you lead conversations, influence debates, and make smarter decisions (coverage aligns to your package).
